FIG.19

The screenshot shows a graphical user interface for a 'sure dsp Display session1'. The window has a title bar with standard OS controls. Below the title bar is a menu bar with 'File(E)', 'Edit(E)', 'View(V)', 'Tool(T)', and 'Help(H)'. A toolbar contains various icons for file operations and editing. The main content area is titled '<BROWSE-Data set menu>'. It includes a 'Command =>' field and a prompt 'Please specify data set displayed/searched.'. Under the heading 'PFD library data set', there are four input fields for 'Project name', 'Library name', 'Type name', and 'Member name', with a note that a member name selection list is displayed if omitted. Below this, the 'Data set other than PFD library' section has fields for 'Data set name' and 'Volume serial number' (with a note 'If not listed in catalog.'). A 'Password' field is also present with the note 'If protected by password.'. At the bottom, there is a 'Japanese language data' field with a 'NO' button and the instruction '(YES:Refer to Japanese language data)'. The status bar at the very bottom shows a 'P A' icon and a series of numbered buttons from 1 to 9.

The screenshot shows a software interface titled "sure dsp Display session1". It features several toolbars at the top: one with icons for file operations (like open, save, print) and another with dropdown menus and buttons for settings (including "6680 Standard"). Below the toolbars are several labeled input sections:

- Command**: A single-line text input field.
- Please specify Data set display method**: A section with multiple choice options represented by small square icons.
- RPG library data set**: A group of four labels ("Project name", "Library name", "Type name", "Member name") each followed by a text input field. A note "(Member name selection list is displayed if omitted.)" is present next to the Member name field.
- Data set other than RPG library**: A section containing two labels ("Data set name", "Volume serial number") with corresponding text input fields. A note "(If not found in catalog)" is shown below the second field.
- Password**: A label followed by a password input field and a note "(If protected by password)".
- Japanese language data**: A label followed by a button labeled "NO" and a note "(YES: Refer to Japanese language data)".

At the bottom of the window is a status bar with icons and numerical indicators (1, 2, 3, 4).
